An Open Letter to YMCA Members:

The YMCA Needs Your Help Now More Than Ever!!

With the recent closure of the Y as mandated by the state, the YMCA is facing some significant financial challenges. Since the YMCA receives no State, Federal, or tax funding we are asking you, our members, to help us by making one of the three following choices.

Membership in Full (YMCA Strong!)

We are respectfully asking all members to choose keeping their membership fully active during this closure in a unified show of support for the YMCA. If you choose to do this, no action is required by you. Your membership will remain intact and your membership dues will be drafted as normal. As a thank you, when all of this is over you will receive special recognition.

Reduced Support Membership

We understand that everyone's financial situation is different. So we also want to offer the option to reduce your monthly membership amount temporarily but keep your membership intact. If you desire to continue to be a member of the YMCA but at a reduced monthly rate representing 50% of your normal monthly rate through the duration of our closure, please notify us of that intent by April 10th. We will reduce your rate during the closure period, keep you as an active member and return it to its normal rate upon reopening.

Stop Your Membership

Should you need to stop your membership entirely during this closure, please notify us by April 10th. Please be advised that new member fees and new rates may apply when you rejoin.

Special Note

- Because of this unique circumstance we are eliminating the Membership on Hold Policy until further notice.

Our contact info for the next several weeks is as follows:
